### TICKET WORTHY: THE BRIDE!

THE BRIDE! – 2026 – 126 MINUTES – RATED R – 2.5/5 ★

Furious indignation and female rage in film form, The Bride! is certainly not boring. It also isn't very subtle, or restrained, or coherent for most of its runtime. Too often it feels like a first draft of all the ideas director Maggie Gyllenhaal had, but she never bothered to flesh out or revise. Even intentional chaos is still chaos, and this one has a bit too much of it...

## PILOTS PULL AWAY IN TOUGH MIDWEEK MATCHUP WITH JOHN MELVIN

On March 10, the LSU-Shreveport Pilots got back on track against the John Melvin Millers, a team out of Crowley, Louisiana. Going into this game, head coach Brad Neffendorf saw John Melvin as an “interesting” team. The Millers are not a well-known team. John Melvin University was established in 2021, and the baseball team was founded in 2024. Neffendorf pointed out they could hit well and of course would put their top guy on the mound since they are walking into the home of the No. 1 team in NAIA baseball...

## OVERTIME GOLD AND A NEW PERSPECTIVE ON WOMEN'S HOCKEY

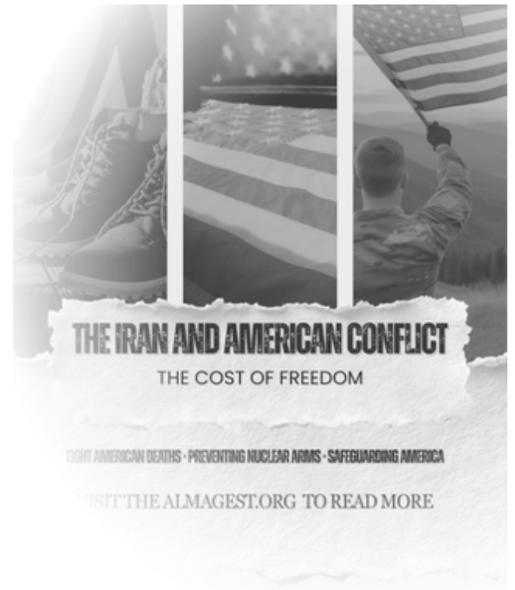

Growing up in Louisiana, hockey was never part of the conversation. Friday nights meant football. Spring meant baseball. Sometimes NASCAR filled the weekends. Ice rinks and slap shots felt worlds away. That changed after watching the U.S. women's hockey team defeat Canada 2-1 in overtime to win gold at the 2026 Winter Olympics. It wasn't just the victory that stood out, it was the intensity. The speed. The pressure of overtime in one of the biggest rivalries in international sports...

## LSUS BASKETBALL TEAMS: DIFFERENT PATHS, SAME GOAL

On Friday March 13, the LSU-Shreveport men and women's Pilots basketball teams will start their respective journeys to the red banner. The men's team look to defend home court as they earned the right to host the first two rounds. The women must become road warriors as they travel to Campbellsville, Kentucky...

## THE IRAN AND AMERICAN CONFLICT: OPERATION EPIC FURY

Operation Epic Fury, a large-scale U.S. military campaign in conjunction with Israel, launched on February 28, 2026. This operation aimed to target Iran's military and security infrastructure. Secretary of War Peter Hegseth, expanded on what was attacked and America's intentions: "The mission of Operation Epic Fury is laser-focused. Destroy Iranian offensive missiles, destroy Iranian missile production, destroy their navy and other security infrastructure, and they will never have nuclear weapons..."

## PILOTS DOMINATE OPENING MATCHUP TO KICKOFF CONFERENCE PLAY

On February 20, the defending national champions looked the part again with a dominant 18-0 run rule victory over the Xavier Gold Rush. David Hankins kicked the weekend off again, and followed the trend of dominance with a complete game shutout that involved three hits, one walk, and eight strikeouts. For someone who spent his first two seasons at LSUS as a reliever, it takes some real belief for Brad Neffendorf to put him in this starting role, the game one starter at that...

## FRIDAY NIGHT DOMINATION CARRIES INTO SATURDAY AS PILOTS SWEEP XAVIER

LSU-Shreveport Pilots finally completed the first home weekend of the season that was not interrupted by inclement weather. A 15-0 and 22-0 victory over Xavier capped off a dominant weekend where LSUS outscored the Gold Rush 55-0...
